- **Show up at a local "tea party" or grassroots meeting.** There are local meetings everywhere now. You will meet the nicest people there; they are concerned citizens just like you. All are welcome.

- **Be heard.** Email, mail or call your local lawmakers. Be respectful, yet firm about your concerns. Necessary contact information is easily found on the web.

- **Stay awake.** It is natural during challenging times like these to want to disconnect from what is happening. If left unchecked, the forces at work right now will drastically transform our lives, replacing liberty with tyranny. An ounce of prevention now is worth several pounds of cure later.

- **Learn more about the Constitution of the United States.**

An excellent way to do this is to order an audio book called the "5000 Year Leap" and listen to it in the car. It can be ordered from www.nccs.net (The National Center for Constitutional Studies) for 9.95. (Hint: If you order 10 or more they cost 1.00 a piece, give copies to your friends!)

It is our mission to have this message gallop across the Country with the same urgency of Paul Revere's original ride in 1775!

The Great Paul Revere Gallop:
Awaken
Know the Constitution
Ride!
